The minutes were unanimously approved with no corrections or additions.

II. Proposed Assessment Item Approval Process
The Chair reviewed the proposed procedural flowcharts for approval and endorsement of changes to assessment items and new program assessment items. These flowcharts are appended to the minutes. After brief discussion about the process described in each, the committee members unanimously voted to approve both procedures. These will be uploaded to the APAC (and AASAC) websites.

III. Discuss Mission, Vision and Goal Statements
The Chair opened the discussion on the APAC Policies and Procedures document, including the mission, vision, and goal statements. She first asked if there were additional comments and changes to the roles for the APAC, the Assessment Coordinators and the Divisional Review Committees. The changes made as a result of this discussion are reflected in the revised document, which is appended to the minutes. APAC members are asked to review specifically the changes made to ACs and DRCs to make sure that they correctly reflect what was discussed during the meeting.

The discussion then turned to the mission, vision and goal statements. It was determined that no changes were necessary to the mission statement, minor changes were made to the vision statement, and removal of one goal and revisions to the last were made to the goal statement section. The committee members voted unanimously to make the changes discussed during the meeting.
