

Florida Institute of Technology

SPRING COMMENCEMENT

SATURDAY, MAY 7, 2016
CHARLES AND RUTH CLEMENTE CENTER
FOR SPORTS AND RECREATION
MELBOURNE, FLORIDA

PROGRAM

Processional

Grand Marshal Dr. Frank M. Webbe

9:30 a.m.

Undergraduate Program

Candidates for the Bachelor's Degree

Candidates for the Associate Degree

2:00 p.m.

Graduate Program

Candidates for the Doctoral Degree

Candidates for the Master's Degree

Faculty

Commencement Officials and Distinguished Guests

(Audience will please stand, and remain standing for the invocation.)

Posting of the Colors

National Anthem

Led by College Players/Players in Harmony

Invocation

Rev. Darice Dawson, Protestant Chaplain, United Campus Ministry

President's Address

Dr. Anthony James Catanese, President and Chief Executive Officer

Alumni Address

Mr. Bino Campanini

Vice President for Alumni Affairs and Executive Director,

Florida Tech Alumni Association

Presentation of the Faculty Honors Award

(Undergraduate Program)

Dr. Darrel Sandall, President of the Faculty Senate

Conferring of Degrees

Dr. Catanese

Alma Mater

Led by College Players/Players in Harmony

Retiring of the Colors

Recessional

Grand Marshal

(Members of the audience are requested to remain standing until the academic procession has left the auditorium.)

SENIOR VICE PRESIDENTS EXECUTIVE COUNCIL

Anthony J. Catanese, Ph.D., FAICP

President and Chief Executive Officer

T. Dwayne McCay, Ph.D.

Executive Vice President and Chief Operating Officer

Cathy R. Wood, MFA

Senior Vice President for Financial Affairs and
Chief Financial Officer

Susan St. Onge, J.D.

Senior Vice President for Development and Chief
Development Officer

Winston E. Scott, Capt. USN-Ret.

Senior Vice President for External Relations and
Economic Development

A professional photographer will take photos of each graduate. It is not necessary to leave your seat to take photographs.

OFFICE OF THE PRESIDENT

ANTHONY JAMES CATANESE, PH.D., FAICP

President and Chief Executive Officer and Professor of Business

Anthony James Catanese is the president of Florida Institute of Technology, a major research institution with more than 16,000 students. Florida Tech emphasizes academic and research programs in engineering, the sciences, liberal arts, business, psychology and aeronautics. It has a major distance learning program using advanced technology. Such groups as the Carnegie Foundation and *U.S. News & World Report* rate it amongst America's top universities. The *Times Higher Education Rankings* from London places it among the best universities in the world.

Dr. Catanese was previously president of Florida Atlantic University, which grew to 25,000 students on seven campuses during his leadership tenure. He was the provost of Pratt Institute in New York City, dean of the College of Architecture at the University of Florida, dean of the School of Architecture and Urban Planning at the University of Wisconsin–Milwaukee, associate dean of the School of Engineering and Environmental Design and James A. Ryder Professor at the University of Miami, and professor and director of the Center for Planning and Development at the Georgia Institute of Technology. Dr. Catanese also was a Senior Fulbright Professor at the Pontificia Universidad Javeriana in Bogota, Colombia.

He holds a bachelor's degree from Rutgers University, a master's degree from New York University and a doctoral degree from the University of Wisconsin–Madison. A prolific writer, he has published 13 books, 18 chapters in books and more than 100 articles and monographs.

A member of the College of Fellows of the American Institute of Certified Planners, Dr. Catanese previously maintained a private practice in design, planning and development. His consulting contracts numbered over 50 clients, including coastal zone planning and development in Hawaii and native land claims in Alaska. As a developer, he built several projects for the single- and multi-family markets in Atlanta, Georgia.

Dr. Catanese has been a public servant as well. He was appointed by President Jimmy Carter to the National Urban Policy Task Force. He served as chair of the Milwaukee City Planning Board and the Gainesville City Planning Commission.

Dr. Catanese was president of the Park West Development Corporation, a not-for-profit group that planned and developed a major area in Milwaukee, Wisconsin. He was the founding president of the Florida State University Presidents Association. He also served as president or chairman of the Independent Colleges and Universities of Florida, Florida Association of Colleges and Universities, Florida Campus Compact, Atlantic Sun Athletics Conference and Sunshine State Athletics Conference. He has served on numerous boards, including the National Collegiate Athletics Association, John Cabot University (Rome), Orange Bowl Committee, AvMed (South Florida), Wachovia Bank (Florida), Securit-E.com and Modus Operandi Inc.

Dr. Catanese was a past chairman of the board of the United Way of Brevard, as well as the 2006 campaign chair, and is on several local boards including the Maxwell C. King Center, Henegar Center, Leadership Brevard and Central Florida Partnership.

He is the recipient of numerous awards, the most recent of which include the Chief Executive Leadership Award from the Council for the Advancement and Support of Education, Trailblazer Award from Rotary International, Diversity Champion Award from the Urban League, Outstanding College President's Award from the All-American Football Foundation, Golden Eagle Award from the Boy Scouts of America, Junior Achievement Hall of Fame, Space Coast Sports Hall of Fame and Space Coast Business Leader. He was recently inducted into the Florida Institute of Technology Sports Hall of Fame and the Eckerd Brevard Walk of Fame.

HISTORY

Founded in 1958 as Brevard Engineering College by Dr. Jerome P. Keuper, Florida Tech initially offered continuing education opportunities to scientists, engineers and technicians working at what is now NASA's John F. Kennedy Space Center. The new college grew quickly, paralleling the rapid development of America's space program. The college, dubbed by the media as the "night school for missile men," gained international attention, including a visit from legendary rocket scientist Wernher von Braun.

In 1966, the college changed its name to Florida Institute of Technology to acknowledge its growing identity as a scientific and technological university, the only such independent institution in the Southeast.

From the beginning, Florida Tech has been committed to excellence in graduate education. A 1962 article in *The New York Times* described Brevard Engineering College as "the only space engineering college in the country ... its graduate course offers engineers the opportunity to obtain a master's degree and keep up with the advancement taking place daily at the Cape."

At the time of the article, all of the college's graduate students worked on America's race to space during the day and attended classes at night. Today, as the university has evolved, nearly 60 percent of on-campus graduate students attend and do research full time.

The university moved to its current Melbourne campus in 1961, and construction began immediately on administration and classroom buildings to augment existing buildings on the site. Before the decade's end, the university would break ground on its first million-dollar building, the Crawford Building.

During the 1990s the university added new facilities valued at nearly \$50 million with construction of the F.W. Olin engineering, life science and physical science buildings and the Charles and Ruth Clemente Center for Sports and Recreation. Recently, the university has supervised \$75 million in new projects, including the Emil Buehler Center for Aviation Training and Research, Ruth Funk Center for Textile Arts, The Scott Center for Autism Treatment, Harris Center for Science and Engineering, Panther Dining Hall, Panther Aquatic Center, Florida Tech Commons, Varsity Training Center, Harris Student Design Center and a parking structure.

More than 56,000 degrees have been conferred on students at Florida Tech since 1958, when 154 students signed up for the first fall semester. As the institution advances and the alumni ranks multiply, the university remains dedicated to developing concerned scientists, aviators, engineers and business leaders who will change the world.

FLORIDA'S FLAGS

On stage are flags that have flown over Florida skies. They represent the Spanish monarchy (16th century), the French monarchy (16th century), the United Kingdom (18th century), and the current State of Florida. These and the other flags constitute Florida Tech's way of expressing and symbolizing 400 years of Florida's history from the era of the European voyages of discovery to the present including over 200 years since the birth of our nation.

ACADEMIC ORGANIZATION

The university is organized into six academic units: College of Aeronautics, Nathan M. Bisk College of Business, College of Engineering, College of Psychology and Liberal Arts, College of Science and the School of Human-Centered Design, Innovation and Art.

College of Aeronautics

The College of Aeronautics offers bachelor's degrees in aeronautical science, aviation administration (off-site), aviation management and aviation meteorology, each with flight and nonflight options, and the Bachelor of Arts in Aviation Management (online). The college offers the Master of Science in Aviation (MSA) in airport development and management, and applied aviation safety on the Melbourne campus, and the MSA aviation management and aviation safety online. There are two Master of Science programs offered by the college: aviation human factors and human factors in aeronautics (online). The college offers a Doctor of Philosophy in Aviation Sciences in one of 12 aviation-related specializations.

Nathan Bisk College of Business

The Nathan M. Bisk College of Business includes the Department of Extended Studies and its off-campus sites; and offers online associate degrees in accounting, business administration, healthcare management and marketing; bachelor's degrees on the Melbourne campus in business administration (variety of specialized areas), business and environmental studies and information systems, and online in accounting and in business administration (variety of specialized areas). The Master of Business Administration is offered on campus, at off-campus sites and online in a variety of specialized areas. The Master of Science in Information Technology

is offered online in the areas of cybersecurity, database administration and enterprise resource planning. Degrees offered off campus through the Department of Extended Studies provide a number of specialized master's degrees, and the Master and Doctor of Business Administration. Extended Studies students may also take some of their courses online through the department's Virtual Site.

College of Engineering

The College of Engineering includes nine departments: biomedical engineering, chemical engineering, civil engineering, computer sciences, cybersecurity and data sciences, electrical and computer engineering, engineering systems, marine and environmental systems, and mechanical and aerospace engineering. Programs offered in addition to those included in the department names are biological oceanography, chemical oceanography, coastal zone management, computer information systems, construction management, Earth remote sensing, engineering management, environmental resource management, environmental science, flight test engineering, geological oceanography, information assurance, meteorology, ocean engineering, physical oceanography and software engineering.

College of Psychology and Liberal Arts

The College of Psychology and Liberal Arts includes the School of Arts and Communication, the School of Behavior Analysis, the School of Psychology, and the military science program (Army ROTC). The college offers bachelor's degrees in applied behavior analysis, communication, humanities, forensic psychology and psychology, and master's degrees in applied behavior analysis, global strategic communication, industrial/

organizational psychology and organizational behavior management. Doctoral degrees are awarded in behavior analysis, clinical psychology and industrial/organizational psychology. In addition to the programs offered on campus, the college offers associate degrees in applied psychology, liberal arts and criminal justice and bachelor's degrees in applied psychology and criminal justice through Florida Tech Online, and the Master of Arts degree in professional behavior analysis in a combination of online and on-site study and practice.

College of Science

The College of Science is composed of the departments of biological sciences, chemistry, education and interdisciplinary studies, mathematical sciences, and physics and space sciences. Bachelor's degrees are offered in all of these areas and in applied mathematics, biochemistry, biomathematics, interdisciplinary science and sustainability studies. Master's degrees are offered in applied mathematics, biochemistry, biological sciences, chemistry, conservation technology, education (including education technology, elementary science, environmental, mathematics and science education), interdisciplinary science, operations research, physics, space sciences and teaching. Advanced degrees include the Specialist in Education, and doctoral degrees in applied mathematics, biological sciences, chemistry, mathematics education, operations research, physics, science education and space sciences.

School of Human-Centered Design, Innovation and Art

The School of Human-Centered Design, Innovation and Art offers the master's and doctoral degrees in human-centered design, and is the university's newest degree-granting division.

BOARD OF TRUSTEES

Raymond A. Armstrong, M.D.
Physician (Ret.)

Richard N. Baney, M.D.
President (Ret.), Health First Physicians Inc.

Nathan M. Bisk
Chairman and Chief Executive Officer, Bisk Education Inc.

Harry E. Brandon
Commercial Real Estate Investor, Brandon Properties

William M. (Bill) Brown
Chair, President and Chief Operating Officer, Harris Corporation

Joseph Caruso '70
President and Chief Executive Officer, Omnifirst Group

Anthony J. Catanese, Ph.D., FAICP
President and Chief Executive Officer,
Florida Institute of Technology

Andrew M. Clark, Ph.D.
President, Cyprus Seismic Network

Charles Clemente
Chief Operating Officer (Ret.), America Online/RCC

Dale A. Dettmer, J.D. '71
Partner, Krasny and Dettmer

Ann E. Dunwoody '88
General, U.S. Army (Ret.)

Phillip W. Farmer
Chairman, Florida Institute of Technology Board of Trustees
Chairman, President and Chief Executive Officer (Ret.), Harris Corporation

Joseph M. Flammio
Vice President (Ret.), Wells Fargo Advisors.

Doug Flutie
Sports Analyst, Heisman Trophy Winner and
Former National Football League Player

Tom Folliard '89
President and Chief Executive Officer, CarMax

Steven Freeman '90, '92
Executive Director and Complex Manager, Morgan Stanley

John T. Hartley
Chairman, President and Chief Executive Officer (Ret.), Harris Corporation

Erik E. Joh
Attorney At Law, Partner, Hinman, Howard and Kattell, LLP

Richard P. McNeight
President, Modus Operandi

William Muns
Executive Director, MDCC Holding

Robert L. Phebus Jr. '74
Vice Chairman, Florida Institute of Technology Board of Trustees
Chief Financial Officer (Ret.), Ford Motor Company of Southern Africa

William C. Potter, J.D.
Partner (Ret.), Holland and Knight – Potter, McClelland, Marks and Healy, P.A.

Travis Proctor '98
Secretary, Florida Institute of Technology Board of Trustees
President, Artemis IT

James E. Pruitt
President, Pruitt McCaslin Inc.

Kenneth P. Revay '82
Past President, Florida Institute of Technology Alumni Association

Michael Scafati
Managing Director (Ret.), Wells Fargo Advisors

Edward W. Scott Jr.
Investor, Entrepreneur and Philanthropist, EScott Ventures

Scott J. Seymour
President and Chief Executive Officer (Ret.), GenCorp Inc.

Mahesh Shah
Owner, Southeast Petro

F. Alan Smith
Executive Vice President (Ret.), General Motors Corporation

Elizabeth J. Swann
Owner, Dunn Huntin Grove

Vikram Verma '87
Chief Executive Officer, 8x8 Inc.

Thomas Vice
Corporate Vice President and President, Aerospace Services, Northrop Grumman Corporation

Tim Wakefield
Alumnus, Major League Baseball Pitcher (Ret.), Boston Red Sox

TRUSTEES EMERITI

Joseph A. Boyd, Ph.D.
Chairman, President and Chief Executive Officer (Ret.), Harris Corporation

G. Denton Clark
Chairman, President and Chief Executive Officer (Ret.), RCA Inc. (Canada)

James L. Fisher, Ph.D.
President Emeritus, CASE; President Emeritus, Towson University; Academic
Consultant and Author

Marilyn C. Link
Trustee and Director Emerita, Harbor Branch Oceanographic Institution
Special Adviser, Link Foundation

ACADEMIC REGALIA

Academic heraldry in the form of academic dress reaches as far back as the earliest days of the oldest universities. Formal directives concerning the correct and proper wearing of academic regalia date back to the early 14th century. In the United States, as a result of our English heritage, caps and gowns have been used since colonial times.

As heraldic devices such as shields, coats of arms, standards, etc., could identify a knight and his individual heritage, academic costume can describe the academic origin and accomplishments of the wearer. Easily recognizable are holders of bachelor's, master's and doctoral degrees. With the same glance, the trained eye may identify the university that conferred the degree, as well as the individual's field of learning.

The shape and decorations of the gown are the keys to the highest degree earned by an individual. The undergraduate's gown has long pointed sleeves and is worn closed. The master's gown has an oblong sleeve, open at the wrist; the rear part of its oblong shape is square cut and the front part has an arc cut away. The master's gown may be worn open or closed. The doctoral gown has bell-shaped sleeves, may be worn open or closed, and may be most readily identified by its velvet facing down the front and by three velvet bars on each sleeve.

There is no general rule for the position of the tassel on a mortarboard. During commencement exercises at Florida Institute of Technology, candidates for degrees are requested to wear the tassels on the right side before degrees are conferred and then to shift them to the left. The tassels worn by graduates at Florida Tech reflect the level of degree awarded, as follows:

Black.....	Undergraduate Degree level
Yellow	Master's Degree level
Gold.....	Doctorate level

It is the hood, however, that is the most important and distinctive feature of American academic pageantry. It enables anyone attending an academic function to distinguish at a glance the wearer's academic heritage. The bachelor's hood, seldom seen in American academic circles, is three feet long, with a two-inch edging of velvet. The master's hood is three feet long, with a three-inch edging. The doctoral hood is four feet long, with a five-inch edging.

The color of the hood's velvet edging represents the field in which the wearer earned his degree. Although black may be used for any area, specific colors denoting the various field of learning are assigned. There are more than two-dozen hood colors accepted at colleges and universities in the United States, some of which may be worn today by faculty and administrators who have graduated from other universities here or abroad. However, Florida Tech degree candidates wear one of the following four colors:

Gold.....	Science and Engineering
Drab	Business
Light Blue.....	Education
Orange.....	Human-Centered Design, Innovation and Art
Royal Blue	Psychology

The hoods of American colleges and universities are lined with silk in the official academic colors of the institution that conferred the degrees. Florida Tech graduates, for example, will wear hood linings that are crimson (red) with a gray chevron (stripe).

Undergraduates graduating with honor may wear cords designating the honor.

White	cum laude
Silver	magna cum laude
Gold.....	summa cum laude

The academic regalia you see before you today can be traced directly to the beginnings of the oldest colleges and universities. In 1885, there occurred a widespread student movement in America to wear caps and gowns at commencement ceremonies. The graduating students seemed to feel a need for significant and dignified apparel for the occasion. By 1895, widespread adoption of a uniform code by 95 percent of colleges and universities in this country gave America its own distinct academic regalia.

However, at any academic gathering, costumes usually appear that cannot be fathomed by these guidelines. Some of these may be from foreign universities; others from those American institutions that have preferred to remain with the European tradition of allowing each school to determine its own costume. The net result is the academic costume you see before you today.

GRADUATE DEGREES—DOCTORAL

DOCTOR OF PHILOSOPHY

*Presented by T. Dwayne McCay, Ph.D.,
Chief Academic Officer*

AVIATION SCIENCES

Hussain Fayez A. Alhallaf

M.S. Aeronautics
Embry-Riddle Aeronautical University
Bachelor in Education–Physics
Teachers College, Saudi Arabia
Dissertation: “In Pursuit of Aviation Professionalism:
Examining the Relationship between Factors
Affecting the Aviation Profession and the Concept of
Professionalism”
Major Professor: Michael A. Gallo, Ph.D.

BIOLOGICAL SCIENCES

Carly J. Randall

M.S. Marine Biology
B.S. Marine Biology
University of North Carolina–Wilmington
Dissertation: “The relationship between climate-driven
ocean warming and coral diseases in the Caribbean”
Major Professor: Robert van Woesik, Ph.D.

Lorian E. Schweikert

B.S. Psychology
University of Tampa
Dissertation: “Elucidating the Phenomenon of Retinal
Plasticity in Fishes: Temporal Changes in the Retina of
the Atlantic Tarpon (*Megalops atlanticus*) Relative to
Changes in Environmental Light”
Major Professor: Michael S. Grace, Ph.D.

CHEMISTRY

Rafaela Georgiana Nita

B.S. Chemistry
Barry University
Dissertation: “Controlling cooperative effects at gold
nanoparticles surface for enhanced catalytic hydrolysis
of phosphodiesterases”
Major Professor: D. Andrew Knight, Ph.D.

CIVIL ENGINEERING

Alaa Mohammed Jawad Shaban

M.Sc. Civil Engineering
University of Babylon, Iraq
B.Sc. Civil Engineering
University of Kufa, Iraq
Dissertation: “Evaluation of Unbound Pavement Layers
Moduli Using The Miniaturized Pressuremeter Test”
Major Professor: Paul J. Cosentino, Ph.D.

COMPUTER ENGINEERING

Ehsan Abdul-Sattar Ali

M.Sc. Computer Engineering
B.Sc. Computer Engineering
University of Mosul, Iraq
Dissertation: “Colorization of Thermal Imagery from a
Public Database for Night Vision”
Major Professor: Samuel P. Kozaitis, Ph.D.

COMPUTER SCIENCE

Nasser Saad Alamri

M.S. Computer Science
Western Michigan University
B.S. Computer Science
King Abdulaziz University, Saudi Arabia
Dissertation: “File Type Identification via Feature
Extraction”
Major Professor: William H. Allen, Ph.D.

Abdulrahman Saad Alqahtani

M.S. Computer Science
Florida Institute of Technology
Bachelor Degree of Education
King Khalid University, Saudi Arabia
Dissertation: “Knowledge Representation and Search in
the Context of Collaborative Filtering”
Major Professor: Marius C. Silaghi, Ph.D.

Mazin Hamed Al-Shuaili

M.S. Software Engineering
B.S. Computer Science
Florida Institute of Technology
Dissertation: “Personal identity Matching (PIM)”
Major Professor: Marco M. Carvalho, Ph.D.

Ivan Bogun

M.S. Applied Mathematics
Florida Institute of Technology
B.S. Applied Mathematics
National Technical University of Ukraine
Dissertation: “Robust Structure Tracking”
Major Professor: Eraldo Ribeiro, Ph.D.

Song Qin

M.S. Computer Science
Florida Institute of Technology
Bachelor of Engineering
Shanghai Fisheries University, China
Dissertation: “Bayesian Network Extending PGP for
Estimating Petition Support”
Major Professor: Marius C. Silaghi, Ph.D.

Hugo Serrano Barbosa Filho

Master of Computer Engineering
Bachelor of Computer Engineering
University of Pernambuco, Brazil
Dissertation: “On the Interplay Between Human Mobility
and Social Interactions”
Major Professor: Ronaldo P. Menezes, Ph.D.

GRADUATE DEGREES—DOCTORAL

ELECTRICAL ENGINEERING

Joshua Paul Bruckmeyer

M.S. Electrical Engineering
Florida Institute of Technology
B.S. Computer Engineering
University of Florida
Dissertation: "Adaptive Wideband Digital Beamformer
Calibration for Phased Array Antennas"
Major Professor: Ivica Kostanic, Ph.D.

Jim Thomas Bryan

M.S. Electrical Engineering
B.S. Electrical Engineering
University of Central Florida
Dissertation: "A Robust Speaker Identification Algorithm
Based on Atomic Decomposition And Sparse
Redundant Dictionary Learning"
Major Professor: Ivica Kostanic, Ph.D.

Bereket Mathewos Hambebo

M.S. Electrical Engineering
Florida Institute of Technology
B.Sc. Electrical Engineering
Bahir Dar University, Ethiopia
Dissertation: "Distributed Spectrum Management for
OFDMA Cellular Networks"
Major Professor: Marco M. Carvalho, Ph.D.

Jeffrey Robert White

M.S. Electrical Engineering and Computer Science
Massachusetts Institute of Technology
B.S. Biomedical Engineering
Boston University
Dissertation: "Adaptive SC-FDMA Waveform for
Application in Ka band Satellite Communications Links"
Major Professor: Ivica Kostanic, Ph.D.

ENVIRONMENTAL SCIENCE

Thomas L. Price Jr.

M.S. Chemistry
B.S. Biology
Old Dominion University
Dissertation: "Factors Influencing Septic Tank Nutrient
Transport to Surface Water Bodies in the Vicinity of the
Indian River Lagoon, Florida"
Major Professor: Thomas V. Belanger, Ph.D.

INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY

Lindsey Michelle Lee

M.S. Industrial/Organizational Psychology
Florida Institute of Technology
M.A. Forensic Psychology
University of Denver
B.S. Experimental Psychology
Millikin University
Dissertation: "The Anticipatory Psychological Contract
and Applicant Faking Behavior: The Mediating Role of
Deception Acceptability"
Major Professor: Richard L. Griffith, Ph.D.

Thomas Scott Skiba

M.S. Industrial/Organizational Psychology
Florida Institute of Technology
B.A. Psychology
Wheaton College
Dissertation: "Predictors of High Potential Leader
Turnover"
Major Professor: Jessica Wildman, Ph.D.

Benjamin Alexander Tryba

M.S. Industrial/Organizational Psychology
Florida Institute of Technology
B.S. Applied Psychology
Ithaca College
Dissertation: "Understanding the Phenomenon of
Applicant Faking Behavior"
Major Professor: Richard L. Griffith Ph.D.

MATHEMATICS EDUCATION

Dustin Daniel Files

M.S. Applied Mathematics
Florida Institute of Technology
B.S. Mathematics Education
University of Central Florida
Dissertation: "Instructional Approach and Mathematics
Achievement: An Investigation of Traditional, Online,
and Flipped Classrooms in College Algebra"
Major Professor: Michael A. Gallo, Ph.D.

MECHANICAL ENGINEERING

Sang Joo Lee

Master of Engineering
Hongik University, Korea
Dissertation: "Micro- and nano-mechanical methods to
study cell mechanobiological responses to substrate
curvatures and local substrate stiffness"
Major Professor: Shengyuan Yang, Ph.D.

Shabin Shafiee

Master of Technology, Computer Integrated
Manufacturing
Visvesvaraya Technological University, India
B.S. Mechanical Engineering
University of Sistan and Baluchestan, Iran
Dissertation: "A Method to Enhance the Heat Transfer
Mechanism in Metal Particle Porous Beds"
Major Professor: Mary-Helen McCay, Ph.D.

OCEAN ENGINEERING

John Travis Hunsucker

M.S. Ocean Engineering
Florida Institute of Technology
B.S. Meteorology
Florida State University
Dissertation: "Quantification of Viscous Drag Due to
Biofouling on In-Service Ships"
Major Professor: Geoffrey W. Swain, Ph.D.

GRADUATE DEGREES—DOCTORAL

Melissa Eileen Tribou

M.S. Ocean Engineering
B.S. Chemical Oceanography
Florida Institute of Technology
Dissertation: "Brush Characterization for Underwater Ship
Hull Coating Maintenance"
Major Professor: Geoffrey W. Swain, Ph.D.

SCIENCE EDUCATION

Ivan K. Farrell

B.S. Science Education
University of Central Florida
M.S. Science Education
Western Governors University
Dissertation: "Examining the relationship between
Technological Pedagogical Content Knowledge
(TRACK) and student achievement utilizing the Florida
Value-Added Model"
Major Professor: Kastro M. Hamed, Ph.D.

Shumpei Fujimura

M.S. Space Education
Embry-Riddle Aeronautical University
B.S. Aeronautical Technology
Purdue University
Dissertation: "Effects of Personal and Psychological Factors
on Air National Guard Personnel Fitness Assessment
Scores"
Major Professor: Kastro M. Hamed, Ph.D.

SPACE SCIENCES

Sayali S. Avachat

M.S. Space Sciences
Florida Institute of Technology
M.S. Physics
B.S. Physics
University of Pune, India
Dissertation: "The Detailed Physics of M87 Jet"
Major Professor: Eric S. Perlman, Ph.D.

DOCTOR OF PSYCHOLOGY

Clinical Psychology

Amanda Rose Anderson

M.S. Psychology
B.A. Forensic Psychology
Florida Institute of Technology
Doctoral Research Project: "Spirituality and Religiousness
as Predictors of Alcohol Drinking Behaviors Among
College Populations"
Internship: Nebraska Internship Consortium/Boys Town,
Boys Town, Nebraska
Major Professor: Felipa T. Chavez, Ph.D.

Christina Baker

M.S. Psychology
Florida Institute of Technology
B.A. Psychology
University of New England
Doctoral Research Project: "Problematic and Prosocial
Behaviors in Chronically Ill Children"
Internship: Western Youth Services, Laguna Hills, California
Major Professor: Thomas H. Harrell, Ph.D.

Kayla Beth Boyd

M.S. Psychology
Florida Institute of Technology
B.S. Psychology
University of Georgia
Doctoral Research Project: "Correlates of the Minnesota
Multiphasic Inventory 2 Restructured Form in a College
Counseling Sample"
Internship: Florida Department of Corrections, Zephyrhills
Correctional Institute, Zephyrhills, Florida
Major Professor: Radhika Krishnamurthy, Psy.D.

Maria Drvoshanov

M.S. Psychology
Florida Institute of Technology
B.S. Psychology
George Mason University
Doctoral Research Project: "Raising Eaters: The
Intersection of Parenting Styles and Females' Self-
Esteem, Disordered Eating, and Eating Behaviors"
Internship: Florida State University Counseling Center,
Tallahassee, Florida
Major Professor: Felipa T. Chavez, Ph.D.

Kathryn Ann Fleming Hanson

M.S. Psychology
Florida Institute of Technology
M.A. Developmental and Therapeutic Play
Swansea University, U.K.
B.S. Psychology
University of North Florida
Doctoral Research Project: "Best Friends and Worst Enemies:
The Sibling Relationship and Healthy Sibling Adjustment
in Families Experiencing Pediatric Chronic Illness"
Internship: Tulane University School of Medicine,
Department of Psychiatry and Behavioral Sciences,
New Orleans, Louisiana
Major Professor: Thomas H. Harrell, Ph.D.

GRADUATE DEGREES—DOCTORAL

Alyssa Garofalo

M.S. Psychology
Florida Institute of Technology
B.S. Psychology
University of Central Florida
Doctoral Research Project: "16PF Couple's Counseling Report: Gender Differences in Predictors of Marital Satisfaction, Personality Similarity, and Relationship Adjustment"
Internship: Naval Medical Center—San Diego, San Diego, California
Major Professor: Richard T. Elmore Jr., Ph.D.

Christina Eguizabal Love

M.S. Psychology
Florida Institute of Technology
B.A. Psychology
Florida Southern College
Doctoral Research Project: "Relationship between Executive Function and Quality of Life in Children with Intractable Epilepsy"
Internship: Children's Hospital Colorado, Aurora, Colorado
Major Professor: Frank M. Webbe, Ph.D.

Megan McElligott

M.S. Psychology
Florida Institute of Technology
M.S. Clinical and Counseling Psychology
Chestnut Hill College
B.A. English
Washington College
Doctoral Research Project: "Standardization Efforts of the 16-PF Based Scale of Accurate Personality Prediction (SAPP)"
Internship: Wilmington Veterans Affairs Medical Center, Wilmington, Delaware
Major Professor: Philip D. Farber, Ph.D.

Latasha Leigh Nadasdi

M.S. Psychology
Florida Institute of Technology
B.A. Psychology
University of Virginia
Doctoral Research Project: "College Hookup Culture VS. Committed Relationships: Differences in Self-Esteem and Sexual Satisfaction Among College Students"
Internship: University of Virginia, Department of Student Health/Counseling and Psychological Services, Charlottesville, Virginia
Major Professor: Richard T. Elmore Jr., Ph.D.

Monica Rae Petroski

M.S. Psychology
Florida Institute of Technology
B.A. Psychology
Saint Francis University
Doctoral Research Project: "Coping Strategies Utilized by Parents of Chronically Ill Children"
Internship: The Village for Families and Children, Inc./ Enhanced Care Clinic, Hartford, Connecticut
Major Professor: Thomas H. Harrell, Ph.D.

Amy Michelle Plewinski

M.S. Psychology
Florida Institute of Technology
B.A. Psychology
University of Tampa
Doctoral Research Project: "Predicting Treatment Completion in an Outpatient Sexual Offender Program"
Internship: California Department of State Hospitals, Atascadero State Hospital, Atascadero, California
Major Professor: Philip D. Farber, Ph.D.

Bethanie Elesia Stephens

B.S. Psychology
M.S. Psychology
Florida Institute of Technology
Doctoral Research Project: "The Clinical Utility of the Cognitive Strategies Employed During Semantic Fluency Tasks in a Memory Clinic Population"
Internship: VA Illiana Health Care System, Danville, Illinois
Major Professor: Kevin P. Mulligan, Psy.D.

Leanne Sophie Taylor

M.S. Psychology
Florida Institute of Technology
B.S. Psychology
University of Central Florida
Doctoral Research Project: "The Effects of Serum Vitamin D Levels on Cognition in a Geriatric Sample"
Internship: North Florida South Georgia Veterans Health System, Gainesville, Florida
Major Professor: Kevin P. Mulligan, Psy.D.

Adam Todd Zimmer

M.S. Psychology
Florida Institute of Technology
M.A. Psychology
Western Carolina University
B.A. Psychology
University of North Carolina—Wilmington
Doctoral Research Project: "Reported ADHD Symptomology and Concussion Management: Implications for Concussion Testing"
Internship: Bay Pines VA Healthcare System, Bay Pines, Florida
Major Professor: Frank M. Webbe, Ph.D.

GRADUATE DEGREES

COLLEGE OF AERONAUTICS

Dean Korhan Oyman, Ph.D.

MASTER OF SCIENCE IN AVIATION

Airport Development and Management

Huda Mohammed Nasser Ayed
Alqahtani
Estelle Boudassou
Ken Patrick Coutain Jr.
Hyungjun Kim
Shoaib Quader

Applied Aviation Safety

Salim Ait Ouyahia
Ahmet Erdal Peker

Aviation Management

Lawrence Miles Bailey
Herbert Townsend Green
Kelly Jaelyn Reynolds

May 2016

Dear Florida Tech Graduate,

Congratulations on earning your degree! The 60,000+ alumni of the Florida Institute of Technology family and our board of directors are pleased to welcome you into the select group of individuals who have graduated from Florida Tech. Further, we welcome you into the Florida Tech Alumni Association.

Upon graduation, you are automatically a member of the alumni association and have access to many benefits and services. We have arranged for low-cost, short-term health insurance. Our online community provides instant access to our complete alumni directory, job opportunities, permanent email forwarding and more. The Florida Tech alumni page on Facebook provides you with an additional online resource for keeping in touch with other alumni and lets you know about upcoming events such as homecoming, and other vital information.

We hope you will join us in supporting the association and your alma mater. As graduates, we are strongly committed to continuing the development of Florida Tech as a world-class university. Our priorities include recruiting qualified students to enroll in Florida Tech, addressing the issues that are important to encourage student retention, raising funds for scholarships and endowments, and improving the career network of graduates in order to help them meet their career objectives. We also support the university's efforts in the development of new distance-learning opportunities.

The Florida Tech Alumni Association is dedicated to expanding your feeling of "ownership" of the campus as an alumnus/na and enhancing the pride we all share in this university. In the past, the association successfully spearheaded the effort to renovate the Chao Tsu-Yu Clock and to bring the "Prowling Panther" mascot statue to campus. It has become the focus of new traditions. The association supports the alumni operating endowment, planned giving program and the alumni grant for incoming students, among other endeavors.

You have only one requirement to participate in the many benefits and programs of the alumni association—keep the Office of Alumni Affairs informed of your current mail and email addresses, so we can keep in touch with you. We hope you will consider taking an active role as a member of the alumni community by contributing your time and efforts as a board member, attending local alumni chapter events and supporting the alumni fundraising efforts.

We sincerely hope you will take advantage of the benefits available to you and that you will support our efforts to promote your alma mater.

Again, on behalf of the Florida Tech Alumni Association, I say congratulations to you, the members of the Class of 2016. Best wishes for great success in all your future endeavors!

Sincerely,

Chad C. Shultz, CFP® '96 B.S.
President, Florida Institute of Technology
Alumni Association

This list of candidates for graduation was prepared before final grades were reported and inclusion herein does not constitute evidence of graduation. While every effort is made for clearance prior to the printing deadline, final action to ensure an accurate listing of the names of all persons qualified for degrees cannot always be taken before the program goes to print. Therefore, errors are possible, and the listing of a name in this program should not be constituted as an indication that the person will in fact receive a degree from Florida Institute of Technology at this commencement. Conversely, the absence of a student's name from this list does not necessarily mean that the person will not be awarded a degree.

THE STAR-SPANGLED BANNER

*Oh, say can you see, by the dawn's early light
What so proudly we hailed at the twilight's last gleaming
Whose broad stripes and bright stars, through the perilous fight
O'er the ramparts we watched, were so gallantly streaming
And the rockets' red glare, the bombs bursting in air
Gave proof through the night that our flag was still there
Oh, say does that star-spangled banner yet wave
O'er the land of the free and the home of the brave*

Francis Scott Key (1779–1843)

FLORIDA TECH ALL HAIL! (ALMA MATER)

*Nestled deep within the garden
'Neath the skies of blue
Stands our noble alma mater
Wonderful to view*

CHORUS

*Lift the chorus, lift it skyward
Sound it to the shore
Florida Tech, our alma mater
To the clouds we soar
We your loyal sons and daughters
Homelands near and far
Clasp our hands in love of learning
Reaching for the stars*

CHORUS

*Sign of hope and inspiration
Lead to never fail
Ever is our alma mater
Florida Tech all hail!*

CHORUS

*Lyrics by Mary and Ken Droscher, 2001
Music by H.S. Thompson, "Annie Lisle," 1860*
