THE VALUE OF JOINING A GREEK ORGANIZATION

Leadership
One of the greatest benefits to joining a Greek organization is the amazing opportunity to become a leader in your organization and within the campus community. Greek students hold a majority of leadership roles on campus outside of Greek Life. Some of the many organizations Greeks hold leadership positions in include Student Government, Campus Activities Board, the Orientation Team and Residence Life, honor societies, etc.

Philanthropy
Greek organizations at Florida Tech pride themselves in the amount of campus and community service performed and philanthropy dollars raised. Each Greek organization has at least one large philanthropy project that is conducted each year. These projects range from a softball tournament to a food drive to a wall of prejudice to the Special Olympics and everything in between.

Brotherhood and Sisterhood
Brotherhood and sisterhood is the most profound aspect of Greek Life at Florida Tech. It forms bonds of lifelong friendship that are cultivated through chapter and interfraternal activities. During the new member process, these bonds are forged and the true meaning of brotherhood and sisterhood is learned by the new members. One thing that is unique about Florida Tech Greek Life that is not as prevalent at other campuses is the interfraternal bonds between members of different organizations. It is this belief and understanding of one another that leads Greek Life at Florida Tech to be admired by campuses across the nation.
THE VALUE OF JOINING A GREEK ORGANIZATION

Scholarship

The purpose of college is to receive a high-quality education. All of the Greek men and women at Florida Tech aspire to be the best possible students they can possibly be. All of the organizations offer many scholastic programs and wonderful scholarship opportunities. Please see below how important academics truly are to all Greek organizations.

Financial Obligations

At Florida Tech, each Greek organization determines its own dues based on individual chapter needs. Please familiarize yourself with what each chapter charges so you will not be surprised about your financial obligations after you join. Greek organizations do cost money, but it is an investment in your college career and future.

Please note:

- Most chapters offer payment plans for dues so you can pay in installments rather than paying all at once.
- Money should NEVER be the reason you feel you should not choose a certain organization. There is always a way!
- Please review each chapter carefully as each is different.

There are two different type of fees for a member of a Greek organization.

New Member Fee(s)—the new member fee(s) is a one-time payment for a member’s first semester in his/her chapter. This fee typically includes an initiation fee, your badge order, etc. The chapters have totaled the new member fees below to make sure you are aware of the total one-time amount you will be required to pay during your new member program.

Semester Dues—Each member pays a semester fee to the chapter. This money typically goes toward national dues, house corporation dues, social events, philanthropic activities and administrative costs. The chapters have broken down each semester of the academic year below.

Greek Village

The purpose of housing facilities in the Florida Institute of Technology Greek Village is to use safe, common and functional spaces specific to Greek-affiliated organizations in order to promote a positive and unified fraternity and sorority community.

Common spaces within the Florida Tech Greek Village will help residents embrace the differences among each other and their organizations. Meeting and storage spaces will facilitate a more supportive and productive community by allowing members to join together in a central location.

Order of Omega

Order of Omega is a Greek Honor Society founded in 1959 at the University of Miami (OH). It recognizes the top 3% of Greeks in both fraternities and sororities who have excelled in the classroom and in leadership positions in the Greek community and on campus. It is only open to those Greeks who are at a junior standing or higher.

Four Pillars

Four Pillars is our annual leadership symposium that is hosted by the Office of Greek Life. Each year presenters are brought in to engage the Greek community with ideas to help us grow not only into better leaders, but better men and women as well.

Greek Week

Greek Week is a weeklong celebration for all of the social fraternities and sororities on campus. It is a chance for members to come together to celebrate the spirit and pride of being a part of a fraternity or sorority. United together, the Greek community uses this time to show its passion for scholarship, service, leadership and brotherhood/sisterhood. All events are open to the campus community.

Greek Life Task Force

The Greek Life Task Force at Florida Tech tackled the charge of “Creating an Interfraternal Community of Value and Merit” through a five-year strategic plan. The report emerged from a foundation of absolute clarity of purpose: Florida Tech expects the fraternity and sorority community to succeed in providing a living and learning experience that complements and enriches broader student life on our campus.

Letter from IFC President

To who may wish to be considered a bro,

It is our pleasure to welcome you into our Greek Life community! If you are an incoming freshman, congratulations on ascending into the next chapter of your life.

For those of you taking time to read this, you must be interested in going Greek. Well, you sir, have a great mindset. I could tell you a little about how all of Greek Life works, or my experiences, but I would rather you go out and experience it for yourself. August 18–25 is known as rush week, and it just so happens to be one of the easier weeks of the semester, syllabus week. So, take advantage of your time, check out as many fraternity events as you can (they’re all free), and be as active as possible. While Florida Tech itself has so many opportunities for you, it’s not every day that you are handed a chance to build lifelong bonds with new people and network for the future. This is the best time for you to get out there and enjoy awesome events, and have a good time. Start your college career with something to talk about! You have nothing to lose.

From one brother to another,
Sean Moroney
InterFraternity Council President

We, the fraternity men of Florida Institute of Technology, stand for academic achievement, for the respect of all persons, for guarding the health and safety of all human beings, and for the challenge to our brothers to uphold fraternal ideas in their daily lives.

Potential Member Bill of Rights

I know that I can approach the disassociated observers to answer any questions I may have. These observers are the Director of Greek Life and the executive board of InterFraternal Council (IFC):

I hereby understand that I have the following rights during Formal Fraternity Recruitment Week:

- I have the right to ask questions at any time.
- I can leave any event at any time.
- I cannot be excluded from any event for reasons other than safety issues, cancellations or some other circumstance deemed by the Director of Greek Life and IFC executive board.

I understand that I have the following rights when it comes to handing out Bids:

- I have the right to sign a bid whenever I want in a pressure-free environment.
- I have the right before signing my bid to have any questions answered so that I can make the best choice for myself.
- I have the right to know that after I sign my bid I can still drop my bid and sign with another organization. Signing your bid does not mean that you are now part of that organization but instead that you wish to be a part of that organization in the future and that you still have the option to drop or move to another organization.
- I have the right to notify the proper authorities if I am in any way put in a situation that makes me feel uncomfortable and everything will stay anonymous.
