Course Objectives:
Students successfully completing this course should have an understanding of:
- The history and evolution of law enforcement in America;
- The mission, mandates, costs, roles, and responsibilities of law enforcement systems at the local, county, state, and federal levels;
- Types of police patrol strategies;
- The organizational structures common to local, state, and federal levels of law enforcement;
- The various operations, policies, and procedures involving law enforcement.
- Contemporary critical issues in law enforcement to include research, policy, and practice; and
- Career and research options in the field of criminal justice.

Course Requirements:
The course includes a variety of debate and discussion issues, readings, supplemental materials (video), exercises, and lectures.

CRM4830 – Organized Crime

Description:

Overviews the history and evolution of organized crime and criminal enterprise, and the impact on society. Includes drug trafficking, prostitution, gambling and other victimless crime (Requirement: Senior standing and successful completion of 90 credit hours.)

Prerequisites/Corequisites:
- CRM3406

Textbook:
- Organized Crime by Howard Abadinsky, Wadsworth, 2007

Supplemental Materials:

Course Objectives:
Students successfully completing this course should have an understanding of:
- The history, definition and structure of organized crime;
- Types of criminal organizations and enterprise;
- The criminal enterprise of gambling, loansharking, theft, fencing, prostitution, slave trafficking, and drugs;
- Statutes created to combat organized crime, such as RICO, and the criticism of its use; and
- Law Enforcement efforts to detecting, arresting, and dealing with organized crime.

Course Requirements:
The course includes a variety of debate and discussion issues, readings, supplemental materials (video), exercises, and lectures.
