The exception to the QEP graduation requirements (= 5 credit hours) is the completion of the Honor's program which includes a thesis that serves as the scholarly project equivalent under the QEP.

Under the old (non-QEP rule), the honors program curriculum is taken in place of the PSY4411 internship (3 credits). The QEP internship (PSY3999, 4000, 4001 : 5 credits) replaces the PSY4411.

Hence, the honors program will now be taken in place of PSY3999, 4000, 4001.

Background: The honors program (=10 credit hours) includes 6 credit hours of Psychology Honors Thesis (PSY 4515) and 4 credits of the Psychology Honors Seminar (PSY 4590). The additional 5 hours required for the Honor's program are taken in place of lower-level psychology courses or in place of free electives.
