Description:

This course is designed to meet the breadth requirement for participants in any approved intercollegiate varsity team sports. Participation can be either as an athlete or as a student athletic trainer. Students who participate in sports that span two semesters should register for the semester in which the season is completed.

Course Requirements:

1. Fully participate as either an athlete or a student athletic trainer in an approved intercollegiate varsity sport at Florida Tech for at least one full season. If the season spans two semesters, enroll in the course the final semester of the season. Students registered for PE 1XXX will sign a statement at the beginning of the semester verifying that they understand the stipulations concerning the fulfillment of the credit.

2. Keep a composition notebook as your Sports Journal. Log dates, times, and location of all practices and games. For every entry, write at least two paragraphs that reflects on your performance: 1) what you learned, how you improved, and what you still need to work on; 2) how you responded to other athletes/trainers/coaches, etc.

3. At the end of the season, complete the Intercollegiate Athletics Participation Form (IAP) and have it signed by your coach.

4. Submit your Sports Journal along with your IAP form to Mrs. Blenis at the end of the season.

Grading:

Grading is based on the completion of the Intercollegiate Athletics Participation Form and your journal. You can never receive a course grade higher than that recommended by your coach. Your journal may influence your course grade so that it is lower than that recommended by your coach.
