Re: Rationale for Request to Change Graduation Requirement in Forensic Psychology

The forensic psychology faculty in consultation and with agreement of the psychology undergraduate faculty propose to change the graduation requirements for the BA in Forensic Psychology. This change is requested to reflect and account for students interested in the newly developed courses in Child Advocacy Studies (CAST) that will supplement the current (informal) options geared toward practitioner focused courses and graduate preparation. This change also makes the schema much simpler for students and advisors to track and project.

Below is the new proposal followed by the old program flow chart for comparison purposes. Specific notes of interest are included that we expect may be helpful to clarify the proposed changes.

New Proposal:

Required (21 credits)
1. SOC 1551 – American Criminal Justice (no change from current plan)
2. PSF 2551 – Survey of Forensic Psychology (no change from current plan)
3. SOC 2541 – Juvenile Delinquency (no change from current plan)
4. PSF 3551 – Integrated Theories of Crime (no change from current plan)
5. PSF 3512 – Forensic Behavior Identification (was either/or with PSF 4551, now required)
6. PSF 4551 – Advocacy (was either/or with PSF 3512, now required)
7. PSF 3515 and/or PSF 4515 (1 credit x 3) – Advanced/Special Topics in Forensic Psychology (no change from current plan)

Forensic Restricted Electives (9 credits)
1. PSF 3511 – Survey of Crime Analysis (was restricted elective but with fewer options)
2. PSY 3551 – Intro to Child Advocacy Studies (new CAST course)
3. PSF 4562 – Forensic Clinical (was restricted elective but with fewer options)
4. PSF 4591 – Critical Issues (was required course, now restricted elective)
5. PSF 4791 – Critical Issues in Child Advocacy Studies (new CAST course)
6. PSY 3541 – Psychology of Leadership (new to restricted elective)

Classes eliminated from old plan
1. PSY 3512 – Interview and Assessment; no longer regularly offered
2. PSY 4511 – Program Development; no longer regularly offered
Old Forensic Program Flow

Required (18 credits)
1. SOC 1551 – American Criminal Justice (no change)
2. PSF 2551 – Survey of Forensic Psychology (no change)
3. SOC 2541 – Juvenile Delinquency (no change)
4. PSF 3551 – Integrated Theories of Crime (no change)
5. PSF 3515 and/or PSF 4515 (1 credit x 3) – Advanced/Special Topics in Forensic Psychology (no change)
6. PSF 4591 – Critical Issues (move to forensic restricted elective)

Forensic Restricted Electives (12 credits)

Theory and Practice (3-6 credits)
1. PSF 3512 – Forensic Behavior Identification (now required in forensic core)
2. PSF 4551 – Advocacy (now required in forensic core)

Research and Application (3-6 credits)
1. PSF 3511 – Survey of Crime Analysis (still forensic restrictive elective)
2. PSY 4511 – Program Development (no longer regularly offered)

Other (3-6 credits)
1. PSF 4562 – Forensic Clinical (still forensic restrictive elective)
2. PSY 4461 – Abnormal (removed from forensic core or restricted elective, still option under general psychology options for forensic students)
3. PSY 3512 – Interview and Assessment (no longer regularly offered)

There is no change to any general education, psychology core, or elective areas of the program.
The addition or removal of any graduation requirement in a major or minor requires that this form, accompanied by supporting documentation, be completed and approved as indicated below. Incomplete or incorrect forms will not be processed.
