We respectfully submit the following items for your consideration:

**Prerequisite changes:**

1. **CRM 1246: Introduction to Law and the Legal System** we are requesting the removal this sentence from the description: *May be taken with CRM 1000* this is inappropriate for the course as CRM 1000 is an existing prerequisite.

2. **CRM 3511: Introduction to Crime Analysis** we are requesting the addition of **CRM 3150: Applied Research Methods in Criminal Justice and Homeland Security**. This course prepares students in Criminal Justice for data analysis which is an essential skill for CRM 3511. CRM 3150 is a newly developed course that moves beyond research methods and explores data analysis for criminal justice professionals.

3. **PSY 3012: Research Methods in Applied Psychology** and **PSY 3013: Applied Psychology** we are requesting the addition of **PSY 2510: Research and Computer Literacy**. The addition of PSY 2510(CL) (recently added course) as a prerequisite helps to ensure that students are adequately prepared to conduct academic literature searches, are fluent in APA format and style, as well as possess the requisite computer skills necessary.

4. **PSY 4712: Professional and Ethical Issues** we are requesting the addition of **PSY 3012: Research Methods in Applied Psychology**. The addition of this course helps to ensure that students are adequately prepared and understand the research methods used in psychology.

**Program Changes:**

1. **BA Applied Psychology (7147)**: we are requesting the removal of CIS 1130 or CIS 1140 as the course to satisfy computer literacy (CL) in the degree program and replace the course with **PSY 2510** which is more applicable to applied psychology students as the course focuses on conducting literature searches, APA format and style and using word processing software, spreadsheet software and presentation software to develop papers and presentations.
The addition or removal of any restriction or change in credit hours in a course requires that this form, accompanied by any supporting documentation, be completed and approved as indicated below.

CON 4001 BUILDING ELECTRICAL AND ELECTRONIC SYSTEMS (3 credits). Applies the principles of code and the basic concepts in electrical and electronic theory, circuit design, materials, methods, safety and estimating to electrical, communication and power machinery systems. Provides a basic knowledge of systems operations with installation and quality verification methods. Prerequisites: CON 1004, PHY 1001 or PHY 1999.

CON 4002 CONSTRUCTION EQUIPMENT AND SAFETY (3 credits). Provides the fundamentals of heavy machine use and production estimating for construction operations. Examines major construction machine types. Includes safety procedures. Requires site visits and a term project on estimating equipment usage and operations. Prerequisites: CON 2001.

CON 4005 CONSTRUCTION SAFETY (3 credits). Provides an understanding of construction safety as federally mandated by Occupational Safety and Health Administration (OSHA) regulations. Includes interpretation and application of regulations, and development of safety plans. (Requirement: Senior standing.)

CON 4091 CONSTRUCTION PROJECT PROPOSAL (1 credit). Requires a construction management project proposal in tandem with a civil engineering design proposal. Involves teams from both areas. Construction estimates, schedules, field layout, logistics and safety plans required to execute a construction operation. (Requirement: Senior standing.)

CON 4092 CONSTRUCTION PROJECT (3 credits). Entails development of detailed construction management plans in tandem with civil engineering design projects proposed in CON 4091. Includes detailed project management plans, budgets, schedules, estimates and related documentation required to complete a full set of construction documents. (Requirement: Senior standing.)

CRIMINAL JUSTICE (online programs only)

CRM 1000 INTRODUCTION TO CRIMINAL JUSTICE (3 credits). Introduces the criminal justice system and the various components. Includes crime trends, crime statistics, victimology, crime prevention, discretion and justice policy. (SS) (Requirement: Basic computer skills and enrollment in Florida Tech University Online.)

CRM 1246 INTRODUCTION TO LAW AND THE LEGAL SYSTEM (3 credits). Introduces the history, structures and processes of the U.S. legal system. Covers the basic legal concept. Includes due process, structure of the U.S. court system, civil and criminal procedure, and case law concepts. May be taken with CRM 1000. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 2002 CORRECTIONAL SYSTEMS (3 credits). Overviews the origins, evolution, theory, practice and current problems of correctional systems. Includes the history of corrections in the U.S., short-term detention and jails, state and federal prisons, inmate topologies, capital punishment, correctional law, parole/probation and community corrections. (Requirement: Must be enrolled in Florida Tech University Online.) Prerequisites: COS 1001 or COS 1101, CRM 1000.

CRM 2201 CRIMINOLOGY (3 credits). Examines the causes of criminal behavior. Also examines ethical issues, policy implication and research. (Requirement: Must be enrolled in Florida Tech University Online.) Prerequisites: CRM 1002, PSY 1411.

CRM 2203 DELINQUENCY AND PREVENTION (3 credits). Explores the nature and extent of the delinquency, the risk factors involved in delinquent behavior and victimization, and the juvenile justice system. Reviews and addresses prevention and diversion programs, and best practices. (Requirement: Must be enrolled in Florida Tech University Online.) Prerequisites: CRM 2201.

CRM 2244 SUBSTANTIVE CRIMINAL LAW (3 credits). Discusses the creation and application of substantive criminal law. Includes the nature and origins of criminal law, substantive due process, elements of criminal liability, the doctrine of complicity, uncompromised crimes, defenses to criminal liability, and the elements of crimes against persons, habitation, property and public order. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 2320 DRUGS, CRIME AND SOCIETY (3 credits). Examines the nature of commonly used psychoactive substances in relation to the human nervous system. Includes history and patterns of use, and the medical, legal, psychological and sociological consequences of abuse. Covers current practices and strategies for drug education and treatment. (SS) (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 2702 CRIMINAL INVESTIGATIONS (3 credits). Explores the fundamental components of interviewing and investigations. Covers investigative practices in apprehending suspects and preparing criminal cases. Includes an in-depth examination of the science and art of criminal investigations, and gathering and analyzing evidence. Stresses overall management of major cases. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 3012 RESEARCH METHODS IN CRIMINAL JUSTICE (3 credits). Introduces basic research concepts and methods in criminological research. Includes APA format, software use, methodology, design, validity, data analysis and interpretation. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 3104 LAW ENFORCEMENT SYSTEMS (3 credits). Reviews the various national and international law enforcement systems. Includes community policing, use of force, high-liability issues and policy review. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 3150 APPLIED RESEARCH METHODS IN CRIMINAL JUSTICE AND HOMELAND SECURITY (3 credits). Examines applied research methods and techniques used in criminal justice and homeland security. Provides analysis and project using Microsoft® Excel® to obtain and interpret descriptive statistics, elementary inferential statistics, and analysis of variance in the applied context of criminal behaviors. Prerequisites: HSC 2011, PSY 3012.

CRM 3246 LAW OF CRIMINAL PROCEDURE (3 credits). Includes remedies for state law-breaking, initial police-citizen contacts, seizures of persons, search and seizure of property, interrogations and confessions, identification procedures, decisions to charge and the first appearance, pretrial proceedings, conviction by trial and by guilty plea, and post-sentencing considerations. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 3247 WHITE COLLAR CRIME (3 credits). Introduces and overviews the typologies of white collar and computer crime and the technology used to identify, apprehend and prosecute suspects. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 3507 COMMUNITY POLICING (3 credits). Studies the history, theory and practice of community policing. Reviews and discusses best practices, research and future trends. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 3511 INTRODUCTION TO CRIME ANALYSIS (3 credits). Introduces the techniques, methods and technology involved in the analysis of crimes. Includes crime mapping, analysis, suspect identification and future trends. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 3522 COMMUNITY CORRECTIONS (3 credits). Overviews the various theories and practices involved in community corrections. Discusses policy impact on society, victims, offenders and families. (Requirement: Must be enrolled in Florida Tech University Online.)

CRM 3610 CRIMINAL JUSTICE AND THE MEDIA (3 credits). Examines the influence of the media of policies and practices in the criminal justice system. Explores the impact of social media. Analyzes the effect of media on the context and social construction of the public's view of the criminal justice system and its participants. Prerequisites: CRM 1000, PSY 2510.
