MEMORANDUM

DATE:    Friday, March 21, 2014
TO:      Undergraduate Curriculum Committee
FROM:    Alexander R. Vamosi, Associate Dean COB
SUBJECT: Changing Graduation Requirements --- Accounting Major (code 3550)

The College of Business is requesting to change the graduation requirements in mathematics for its Associate of Arts in Accounting (major code 3550). Specifically, we wish to replace MTH 1703 Finite Mathematics with MTH 1000, select one 1000-level (or higher) math course.

JUSTIFICATION:

The requested change will bring the AA in Accounting into line with the two BA Accounting programs for which the AA program is a feeder. It will also provide students with transfer credit in mathematics greater flexibility to use the credits in their program plan. There is no inherent reason/benefit to require accounting students to take Finite Math or to have different math requirements across programs.
